A **Primary Level Certificate** indicates that the person listed below has passed a Certification Test intended for undergraduate students and those who are advanced high school students. The person below has passed a test by correctly answering at least 9 out of 10 questions selected randomly from a large inventory. Each question provides source material from another author and a sample of student writing. The test taker must determine whether the student version is word-for-word plagiarism, paraphrasing plagiarism, or not plagiarism. Many questions exemplify subtle forms of plagiarism which represent incomplete or incorrect understanding of plagiarism, carelessness, or attempts to disguise actual plagiarism.

Instructors can check the validity of this Certificate at this Web address:

<https://plagiarism.iu.edu/certificationTests/certificateValidation.html>.

This will require entry of unique information from this Certificate. The test taker can also do this, to view this Certificate again.

Instructors should note that there is no practical way of determining whether the student above is indeed the one who took the test, unless it is taken under proctored conditions.

Also, Certificates with the same Test ID, but with different printed names, should be questioned. There are literally trillions of possible test ID's, so no two Certificates should have the same test ID.
